MEMORANDUM FOR: Acting Deputy to the DCI for the
Intelligence Community

FROM: Director of Central Intelligence

SUBJECT: Imagery Mix Matrix

I'd like to suggest to that on his matrix for the imagery mix issue he subdivide the purposes or uses of imagery intelligence, such as I&W, SALT, MBFR, into three categories: Peacetime Intelligence, Arms Control, and Tactical Military Support. He would have subheadings, like I&W, SALT, MBFR, under each of those three.
